

# Welcome Letter

Dear Colleagues,

We are delighted to invite you to the joint **21<sup>st</sup> European Congress of Internal Medicine, (ECIM)** joint with the **12<sup>th</sup> International Congress of Internal Medicine, (ICIM)** to take place at the Megaron Conference Centre in **Athens** from **15 – 18 March 2023**.

The annual meeting of ECIM 2023 and the 12<sup>th</sup> ICIM is the largest platform for internists to exchange knowledge and experience within Europe but also with colleagues from other parts of the world.

This year our main theme is “**Internal Medicine – A Bridge Between Health and Disease**” focusing on the prevention, diagnosis, treatment, and compassionate care of adults across the spectrum from health to complex illness.

ECIM 2023 and the 12<sup>th</sup> ICIM offer four-day programme built around excellent educational sessions and cutting-edge lectures given by experts in Internal Medicine that will guarantee a memorable congress, enabling the audience to actively participate in the debates with a prominent scientific faculty in the latest updates in Internal Medicine. The scientific program will also provide the young -and not only- colleagues with a great opportunity to present their work, research and clinical experience through oral presentations and posters covering all the fields of Internal Medicine.

The congress will give the opportunity to reconnect and share all the exiting work that is being developed within our Internal Medicine community and will offer the amazing chance to meet colleagues and friends, to be inspired and inspire

others.

Do not miss this opportunity to be part of this important scientific event while enjoying a magnificent stay in the **historical capital of Europe**.

On behalf of all involved, we welcome you to the **21<sup>st</sup> European Congress of Internal Medicine, ECIM** and the **12<sup>th</sup> International Congress of Internal Medicine, ICIM** and look forward to seeing you in March 2023, in Athens.

Welcome to Athens, the capital of Greece and the birthplace of democracy, arts, science, and philosophy of western civilisation.

**Dr. Dror Dicker**

MD, FEFIM

EFIM President

**Prof. George N. Dalekos**

MD, PhD, FEFIM

President, 12th ICIM
